

Tommy McCabe III

Pinon Unified School District Community Member/ Parent

I am a local member to the community of Pinon and reside in the District 4 area. I have 23 years' experience in our local education system and have worked 13 years with Pinon Unified School District in the transportation department. I am a parent and community member that wants to make sure that quality education and additional services are provide equally within our school district. Pinon Unified School District has a long history of providing the top quality education to our local students which one main goal we need to keep in mind. My interest in serving on the School Board stems from a long life in the educational system and my passion for working with the students, parent and staff of Pinon Unified School District.

I have 23 years' experience working in the educational system here in our local school systems working in a residential setting, working as a Substitute Teacher and working with Pinon Unified School Transportation Department to provide a safe means of transportation for all the students and staff of Pinon Unified School District No. 4. I have worked with Local, State, Federal and Tribal Governments to obtain quality services for our students to be transported safely by working in partnership to get our local school bus routes maintain to provide safe transportation for all students.

Through my experience working with the School District, Local Chapter, State, Federal and Tribal entities together we can provide the quality education our students deserve. I have gain insight and a deep understanding of the many challenges and opportunities that our school district sole desires. Moreover, I believe that in order for our school district to provide the top quality education remains relevant and vital, they must be publicly engaged so that they are "at the table," heard and understood. We have to effectively tell the stories of the many students and parents we serve in so many ways that contribute to the quality education Pinon Unified School District will provide. If elected to Pinon Unified School District No. 4 I will work diligently with all involved to move forward to build a vibrant and effective educational system for our students and children of Pinon Community and surrounding areas. I would be honored to contribute to the work.
